Hydro-electric Potential in Himachal Pradesh

845. SHRI ANAND SHARMA: Will the Minister of POWER be pleased to state:

(a) the hydro-electric potential of Himachal Pradesh as assessed by the Central and State Ministries of Power;

(b) the total amount of hydro potential harnessed upto 2003 through Central, State and private sector in the State; and

(c) the details of the potential future projects identified so far for exploration in the Tenth and Eleventh Plan?

THE MINISTER OF POWER (SHRI P.M. SAYEED): (a) The re-assessment studies of HE potential completed by CEA in 1987 have

placed the HE potential of Himachal Pradesh at 11647 MW at 60% Load Factor with probable installed capacity of 18820 MW.

(b) So far, hydroelectric potential of 5768.45 MW has been developed under various sectors as under:—

Sector	Installed Capacity (MW)
Central/Common	5070.00
State	312.45
Private	386.00
	5/68.45

The details are enclosed at Statement-I *(See* below)

(c) List of projects identified to yield benefits during X and XI Plan are enclosed at Statement-II and Statement-III.

Statement-I

Hydro schemes in operation pertaining to Himachal Pradesh (I.C. above 3MW)

As on 01.07.2004

Sl. No.	Region/Sector B.B.M.B	No. of Units	Capacity (MW)
1	Bhakra Complex (i) Bhakra	5x108	540
	(L) (ii) Bhakra (R)	5x132	660
	Sub Total		1200
2	Dehar	6x165	990
3	Pong	6x60	360
	Sub Total		1350
	Total BBMB		2550
	N.H.P.C.

*Schemes under execution

Run of the river hydel projects in Himachal Pradesh

846. SHRI ANAND SHARMA: Will the Minister of POWER be pleased to state:

(a) whether it is a fact that Himachal Pradesh offers a very good potential for the run of river hydel projects;

(b) if so, the sites identified for the run of the river projects and the status of the execution of the projects; and

(c) whether it is a fact that there are many more potential locations in Himachal Pradesh to harvest the run of the river for generating power within a span of 5 years as has been done by Private Sector projects in Himachal and private project in Uttaranchal?

THE MINISTER OF POWER (SHRI P.M. SAYEED): (a) As per the re-assessment study of hydro-electric potential in the country completed by CEA in 1987, 76 run of the river hydro-electric schemes with probable installed capacity of 12,039 MW were identified in Himachal Pradesh.

(b) The details of the run of the river schemes identified are given in Statement-I. (See below) Presently seven run of river schemes are under execution as per details given in Statement-ll *(See* below).

(c) 23 Run of river schemes aggregating to 5307 MW in Himachal
